SUMMARY

Motivated and dedicated B.Tech Computer Science Engineering fresher (2025) with strong programming skills in C, C++, Java, and Python. Skilled in web technologies including HTML, CSS, and JavaScript, with hands-on experience through academic projects and internships in Data Science and DevOps. Eager to contribute to innovative software solutions while continuously learning and growing in a dynamic organization.

EDUCATION

Bachelor of Technology in Computer Science Engineering
Krishna Chaitanya Institute of Technology and Sciences, JNTU Kakinada • 2021 – 2025
CGPA: 72.41%

Intermediate (MPC)
Sri Vasavi Junior College • 2019 – 2021
Percentage: 78%

SSC / 10th Class
Z.P. High School • 2018 – 2019
Percentage: 90%

SKILLS

Programming: C, C++, Java, Python

Web: HTML, CSS, JavaScript

Tools/Platforms: Eclipse, VS Code

Soft Skills: Problem-solving, Communication, Teamwork

PROJECTS

Tools for Database Migration — Tech: HTML, JavaScript, JSP, MySQL, Oracle

- Designed and developed a web interface that connects multiple backend databases to a single frontend web page.
- Implemented database table conversion features, enabling data migration from MySQL to Oracle and vice versa.

- Demonstrated that a frontend application can integrate with multiple databases and perform cross-database data conversions effectively.

INTERNSHIPS

Data Science Intern — Naresh Technologies and Consultancy Services | 2024

- Gained hands-on experience in data preprocessing, visualization, and building basic machine learning models.
- Worked on real-time datasets to implement predictive analytics solutions.

DevOps Intern — Naresh Technologies and Consultancy Services | 2023

- Learned continuous integration and continuous deployment (CI/CD) practices.
- Worked with tools for automation, version control, and containerization.
